**From:** Theresa Koleszar, Director, Bureau of Rehabilitation Services

**Date:** September 26, 2016

**Re:** Training Opportunities

The Bureau of Rehabilitation Services is happy to announce the dates for a three day Intensive Transitional Programming for employment service providers and their staff.

This intensive training will focus on providing hands-on experience and coaching in a simulated work environment. Individuals with disabilities participate, facilitating a rich learning environment for all. While the program includes traditional instructional methods such as lectures and discussion, the emphasis of training is building increased knowledge and skill of the process of making appropriate programming decisions for each individual, workplace, and/or intervention team through hands-on application and learning.

The three day workshops will be offered monthly with limited seating available per workshop. Persons outside of the primary audience (i.e., employment service providers) who are interested in attending are encouraged to submit applications for consideration to be placed on a waiting list. Seats not filled by the primary audience two weeks prior to scheduled trainings may be filled by those on the waiting list.

Additional information and an application for the training can be found on the Vocational Rehabilitation Employment Service [Web page by clicking here](#).
